

In order to run a club or association efficiently it is necessary to collect information from the members. This information includes home address, email address, telephone/mobile numbers, birth date and so on.

In accordance with G.D.P.R. 2018 Portsmouth & Havant Badminton Association will only hold such information on its members as is deemed necessary, in three areas:

The PHBA website displays only the names of club players.
Access available to anyone.

The *Club Information* sheet, given to the Club Secretaries at the AGM, displays the names, email addresses telephone/mobile numbers of each Club Secretary/Match Secretary.
Access available to PHBA Club Officials only.

The *League Entry Form*, completed by all clubs, displays the names, home addresses, email addresses, telephone/mobile numbers of the Clubs' Officials. Only one version should be held - in the PHBA Secretary's folder.
Available to PHBA Secretary only.

If any individual or club is vehemently against any aspect of the information described above being displayed in those three areas then please inform the PHBA Secretary who will have it removed. Please bear in mind that other clubs may need to contact you regarding fixtures.

***Badminton England* holds the names of any individuals who are registered with them; other information may include some personal details, dependent on who input that information. This information, along with a unique B.E. Number, is used to identify players to ensure their eligibility for league matches and B.E. tournaments. B.E. also sends emails occasionally; you may opt out of that if you wish to do so.**

No information on members or clubs is forwarded, distributed to, or sold to any individuals, companies or organisations.

All PHBA club officials are requested to burn or shred all information held that was sent to them at the beginning of the league season by PHBA. Thank you.
